-Guardianship Client

On Point, No Nonsense and Flawless

"Cindi represented me in the attempt to remove a family member that was my mother's guardian. We were successful. The court reversed its original decision and appointed an outside independent guardian. Ms. Spence demonstrated the highest level of competence preparing the case, kept me involved in the process from start to finish, and her court room presence was outstanding. Her presentation was on point, no non sense, and flawless. I would, without reservation, recommend Ms. Spence."
